Write a school review about Shiloh High School Tell people what you like or don't like about Shiloh High School... Shiloh High School review Learn more about how to get Homes involved in renting & selling near this school This school is rated above average by school quality compared to other schools in Maryland. Students here make above-average year-over-year academic improvement, and students perform above average on government tests. Students at this school make more academic progress from one class to the next compared to students at other schools in the state. Strong progress with high test scores means students have strong academic skills and make bigger gains than their peers in other schools in the state. Parental advice Test scores at this school are well above the state average, suggesting that the majority of students at this school perform at or above the grade. Parent tip Note that something is missing or confusing? ENVIRONMENT NOTE: The school's inclusion or exclusion in this locator is not school approval and should not be used in any way to assign school accreditation status.
